# Jeremy Tabor

Multifamily new construction -  
under 50 units  
Calton Hill, Oxford

Jeremy Tabor of Tabor Construction and Development in Starkville won in the *multifamily new construction, under 50 units* category for Calton Hill.

"Old world charm" best describes the exterior of this stately condominium complex. Metal ironwork adorns the outer front windows of the second floor, while first floor windows feature decorative cedar shutters.

Bronzed metal roofing over the front porch entry invites you inside through solid pine front doors.

Each condominium features modern archways and architecture that guide you through a spacious and open floor plan perfect for entertaining.

The modern kitchen boasts custom cabinets, stainless steel appliances and an open bar for every day dining and living. The kitchen and dining areas feature ceramic tile, while the living areas are either wood or ceramic tile.

# Great Job!

Congratulations,  
**TABOR CONSTRUCTION**
